January 2026

Dear Parents/Carers,

KS1 Millerground Morning Walk - Tuesday 27th January 2026

Our topic this term is all about our environment and conservation. We will soon be teaching the children about Windermere and some of the issues which affect the health of our lake. As part of this topic we hope to spend the morning at Millerground where the children will enjoy the lakeshore scenery and experience the environment. This will support our learning about how special Windermere is and how we can help to look after it.

On Tuesday 26th January we will be walking to and from Millerground and up Queen Adelaide's Hill. We will need all children to wear appropriate clothing to be safe and comfortable on these adventures. Your child will need:

- Suitable clothing for the weather (no jeans)
- Walking boots
- Waterproof coat and trousers (if not worn from the start, these should be packed in their rucksack whatever the weather)
- Hat and gloves
- A rucksack with a drink and snack inside. As we intend to stay for the morning, we will be back to school for lunch. Carrying an extra lightweight layer of clothing is also recommended.

If you are struggling to get hold of any of the equipment/clothing, these can be borrowed from school. Please indicate this when you complete the online form below.

We cannot run these trips without the help of parents. If you are available for the full day and can help, please indicate this on the online form too.

Please click on this link [YEAR 2 - MILLERGROUND TRIP - TUESDAY 27TH JANUARY 2026](#) – [Fill out form](#) and complete the online permission form by Friday 23rd January.

Many thanks,

The KS1 Team
