OVERARCHING SAFEGUARDING STATEMENT

Our School Vision and Values

As a Christian school, St Martin and St Mary is an inclusive and happy community; nurturing confidence, a thirst for learning and resilience in a safe loving environment. Our priority is developing the whole child spiritually, emotionally, physically and academically to live the most rewarding life.

'Life in all its fullness' John 10.10

Our school values are at the core of everything we do. They underpin our teaching and learning, and provide an environment which prepares our pupils as confident, happy citizens. The aim of this school is to provide a rich, broad and balanced education within a caring and stimulating Christian environment, serving the whole school community. To create an environment in which learners are encouraged to fulfil their potential and make a positive contribution to their society.

We want every child 'to be the best that they can be…'

At St Martin and St Mary these are the Christian values that are the most important for our school. These values will help make our school a great place to be.

Friendship Love Forgiveness Trust Honesty Faith

Our vision and values underpin our interactions and the way we treat and respect everyone we encounter in school. Children and adults need to feel safe, valued, respected and protected as they learn and as they play. Our agreed Overarching Safeguarding Statement summarises the steps we take to keep everyone in our school happy and safe.

This Statement will be reviewed as and when required.

Introduction

This Safeguarding Statement has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes the DfE statutory guidance Keeping Children Safe in Education; the DfE EYFS Statutory Framework for group and school-based providers and Working Together to Safeguard Children. The school will also refer to and follow the guidance and procedures developed by the Westmorland and Furness Safeguarding Children Partnership.

Because of our close day to day contact with children, education staff have a crucial role to play in helping to promote safety, reduce risks and to identify welfare concerns and indicators of possible abuse and neglect at an early stage.

The Governing Body and staff of St Martin and St Mary Church of England Primary School (hereinafter referred to as 'the school') take seriously our responsibility under Section 175 of the Education Act 2002, the Safeguarding Vulnerable Groups Act 2006 (as amended by the Protection of Freedoms Act 2012 and the Crime and Policing Act 2026) to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm and to keep them safe and secure whilst in our care.

This Statement and supporting Policies and procedures relate to all members of the school community including pupils, staff, Governors, visitors/contractors, volunteers and trainees working within the school. It is fully incorporated into the whole school ethos and is underpinned throughout the teaching of the curriculum, within PHSE and within the safety of the physical environment provided for the pupils.

Definition of safeguarding

The statutory guidance 'Working together to Safeguard Children' defines the term Safeguarding as:

- providing help and support to meet the needs of children as soon as problems emerge;
- protecting children from maltreatment, whether that is within or outside the home, including online;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- promoting the upbringing of children with their birth parents, or otherwise their family network through a kinship care arrangement, whenever possible and where this is in the best interest of the children; and,
- taking action to enable all children to have the best outcomes set out in the Children's Social Care National Framework.

Safeguarding is not just about protecting children from deliberate harm. It relates to aspects of school life including pupils' health, safety and wellbeing including their mental health; managing behaviour, restrictive intervention, including the use of reasonable force; meeting the needs of pupils with medical conditions and in particular, those with allergies; meeting the needs of children who have special educational needs and/or disabilities; providing first aid; educational visits; intimate care and emotional wellbeing; online safety, including the use of generative AI and associated issues; and appropriate arrangements to ensure school security, taking into account the local context.

It includes issues for schools such as neglect; physical abuse; sexual and emotional abuse; face to face, prejudice-based and discriminatory bullying; racial, disability, and homophobic, biphobic or transphobic abuse; risks linked to using technology and social media, including cyber/online bullying, the risks of being groomed online for exploitation or radicalisation, and risks of accessing and generating inappropriate content e.g. the making or sharing of nudes and/or semi-nudes; child on child abuse (such as harmful sexual behaviour (HSB), sexual violence and sexual harassment between children); gender-based violence/violence against women and girls; radicalisation and/or extremist behaviour; children missing education; child sexual exploitation and trafficking; child criminal exploitation including county lines; substance misuse; issues that may be specific to a local area or population, for example gang activity and youth violence; and particular issues affecting children including domestic violence, homelessness, so-called honour-based abuse (female genital mutilation, forced marriage, breast ironing etc.); fabricated or induced illness and poor parenting, particularly in relation to young children.

This Safeguarding Statement should therefore be read and understood alongside other school Policies and procedures which fall under the safeguarding 'umbrella' as listed at the end of this document. Related Policies

and procedures can be found on our school website, our school network and are available as printed copies from the school office on request.

All relevant Policies and supporting procedures will be reviewed, in accordance with the latest DfE Guidance, by the Governing Body (or the persons nominated by them to approve such documents) that has responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead (DSL) will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility. The Chair of Governors will liaise with the Local Authority Designated Officer (LADO) and partner agencies in the event of a concern/allegation made against the Head teacher or in a situation where there is a conflict of interest in reporting the matter to the Head teacher. There is also a nominated Governor who will take leadership responsibility for the setting's safeguarding arrangements.

Our school is a community and all those directly connected (staff, Governors, volunteers, parents, families and pupils) have an essential role to play in making it safe and secure. We welcome suggestions and comments from all these stakeholders contributing to this process.

Ethos

The School recognises the importance of providing an ethos and environment that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to.

Partnerships with others

Schools do not operate in isolation. The welfare of children is the corporate responsibility of the entire Local Authority, working in partnership with other public agencies, the voluntary sector and service users and carers. All Local Authority services have an impact on the lives of children and families, and Local Authorities have a particular responsibility towards children and families most at risk of social exclusion.

The school recognises that it is essential to establish positive and effective working relationships with other agencies. Professionals can only work together to safeguard children if there is an exchange of relevant information between them. The school follows LA inter-agency safeguarding procedures (as endorsed by the Westmorland and Furness SCP), will work within the Westmorland and Furness SCP Multi-agency Threshold guidance and has links with the Local Authority, the Integrated Care Board for the area, the local Police, Children's Centres and the Westmorland and Furness Safeguarding Children Hub (MACH).

We recognise the importance of information sharing between professionals and local agencies and take account of guidance issued in Working together to safeguard children; Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers and the Westmorland and Furness SCP Information Sharing Protocol.

Where it is believed that a child is suffering from, is at risk of, harm or is in immediate danger, we will follow the guidance as outlined in the Westmorland and Furness SCP report a concern procedures and within the ***School Child Protection Policy and procedures***. In other cases where the child or family would benefit from early intervention, we will put in place appropriate 'family help' strategies, working with other agencies as appropriate and where necessary.

Training and support

Our school will ensure that the DSL and deputy DSL attend suitable child protection training which is updated every 2 years; all staff including the Head teacher, the designated teacher (cared for and previously cared for children), the designated Governor/the Governing Body receive safeguarding and child protection training (including in relation to online safety) at induction (relevant to their roles) which is updated regularly. In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Those staff working in the EYFS provision will receive safeguarding training in line with Annex C of the EYFS Statutory framework for group and school-based providers which will be renewed every 2 years. All other adults who work in the school and/or with children will undertake appropriate child protection awareness training to equip them to meet their responsibilities for child protection effectively which will be refreshed in accordance with the local SCP guidance.

The DSL has attended/undertaken Prevent Awareness Training to enable them to provide advice and support to other members of staff on protecting children from the risk of radicalisation and extremism. Other staff to receive this training will be determined through risk assessment.

There is a designated Health and Safety Coordinator in school who has received appropriate training in relation to their role e.g. IOSH Managing Safely in Schools training or similar.

There is a designated Mental Health Lead (MHL) in school who will work with children are identified with mental health concerns. The MHL has received training consistent with DfE recommendations.

Although this is now no longer a legal requirement, in accordance with good practice guidelines, there is also a designated Educational Visits Coordinator who has received training and refresher training in planning and managing off-site visits.

There is a staff training plan in place to ensure all relevant staff receive appropriate training as per legislative requirements and good practice to protect both themselves and children. Designated staff training will include for example health and safety induction; first aid; supporting children and young people with medical needs including general awareness training; allergens and emergency responses to adverse reactions; training in the administration of medication and any training regarding complex medical needs of children (from a medical professional as necessary); asbestos management; fire safety; restrictive interventions including the use of reasonable force; moving and handling; minibus driving; risk assessment; food hygiene; safe use of machinery and other training commensurate with the roles and responsibilities of staff.

Professional confidentiality

Our school has a clear confidentiality statement that forms part of the School Child Protection Policy and procedures which is reviewed annually by the full Governing Body, is discussed with all staff and shared with all working (paid and unpaid) adults within the school.

Safe recruitment and selection

The school pays full regard to Part three of the DfE statutory guidance Keeping Children Safe in Education. The Governing Body will deter and prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to carry out appropriate checks on staff or others who work (paid or unpaid) with children, taking proportionate decisions on whether to ask for any checks beyond what is statutorily required and ensuring those without full checks are appropriately supervised. The school has a written Safe Recruitment, Selection and Pre-Employment Vetting Policy and procedures in place. In line with Keeping Children Safe in Education the Governing Body ensures that at least one person on any appointment panel has attended accredited safer recruitment training.

Further details can be found in the ***School Child Protection Policy and procedures and the School Safe Recruitment, Selection and Pre-Employment Vetting Policy and procedures.***
